## THURSDAY

### **"Lonely Girl" at Martos Gallery**

**September 12 - October 26**

**Opening: September 12, 6-8PM**

**540 West 29th Street**

"Lonely Girl" will present a group of 7 female artists all under the age of 30; these artists continuously use multiple online platforms as medium to simultaneously showcase themselves and their creative output. The artists in this show represent an unprecedented moment in cultural history—where the artist themselves can be equally or sometimes more visible than their artworks themselves. Artists include: Al Baio, Petra Cortright, Maggie Lee, Greem Jellyfish, Bunny Rogers, Analisa Teachworth, and Amalia Ulman. Organized by Asher Penn.
